VISION & PHILOSOPHY

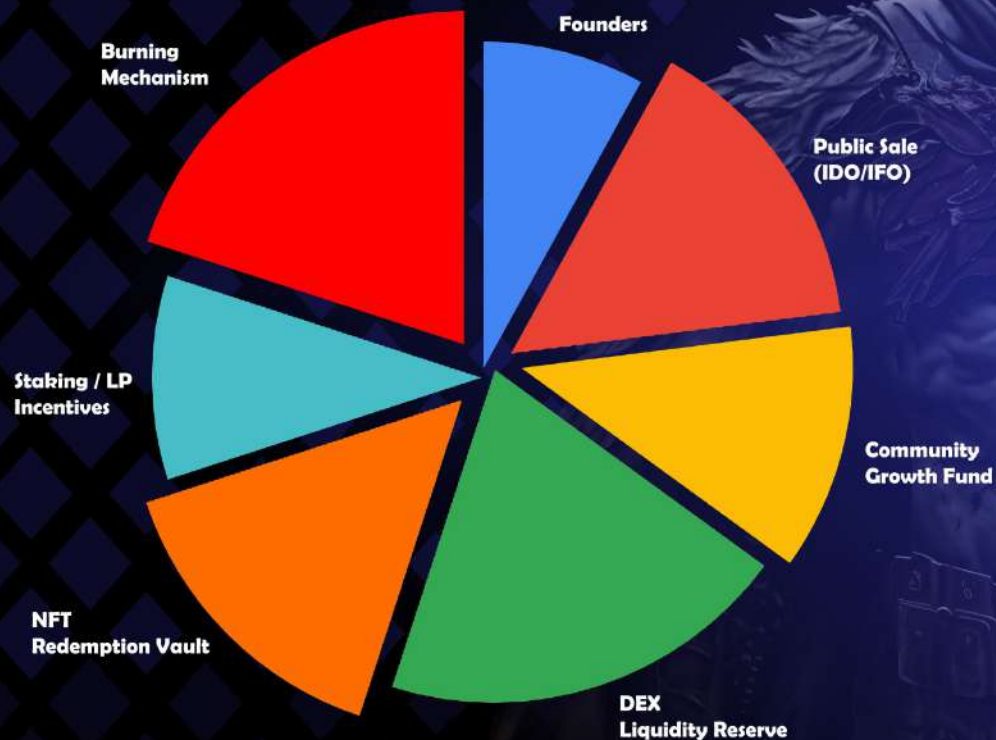

OWL isn't about hype, it's about handcrafted beauty and long-tail culture. The token underpins a redeemable NFT ecosystem where holders can claim unique art, stake for passive rewards, and take part in the future of artistic governance. We're starting small, growing smart, and prioritizing sustainability over virality.

OwlNoctun NFT Project Overview

Launch & Origins

OwlNoctun launched its first collection of NFTs in January 2022, becoming the first NFT project shielded by NFT WATCH DAO. The initial drops were released on Soon.Market.

Artwork & Rarity

All OwlNoctun NFTs are rare, one - of - one, 100% hand - drawn artworks. The collection features two distinct variations:

- Little Owl
- Big Owl

The initial supply was limited to 250 NFTs, with plans to expand and introduce new concepts as the collection nears full mint.

OwlNoctun Ecosystem, Reward & Utility

Ecosystem Expansion

In **August 2025**, the project launched its native token, **\$OWL** demonstrating long - term commitment and providing an additional layer of value and rewards for the community.

Rewards & Utility

Every **purchase, auction, or secondary market trade** generates rewards in **\$OWL tokens**, ensuring active participation and long - term benefits for collectors.

Holder's Rewards & Benefits

NFT Sales
